

How to book an online funeral notice

How to log in

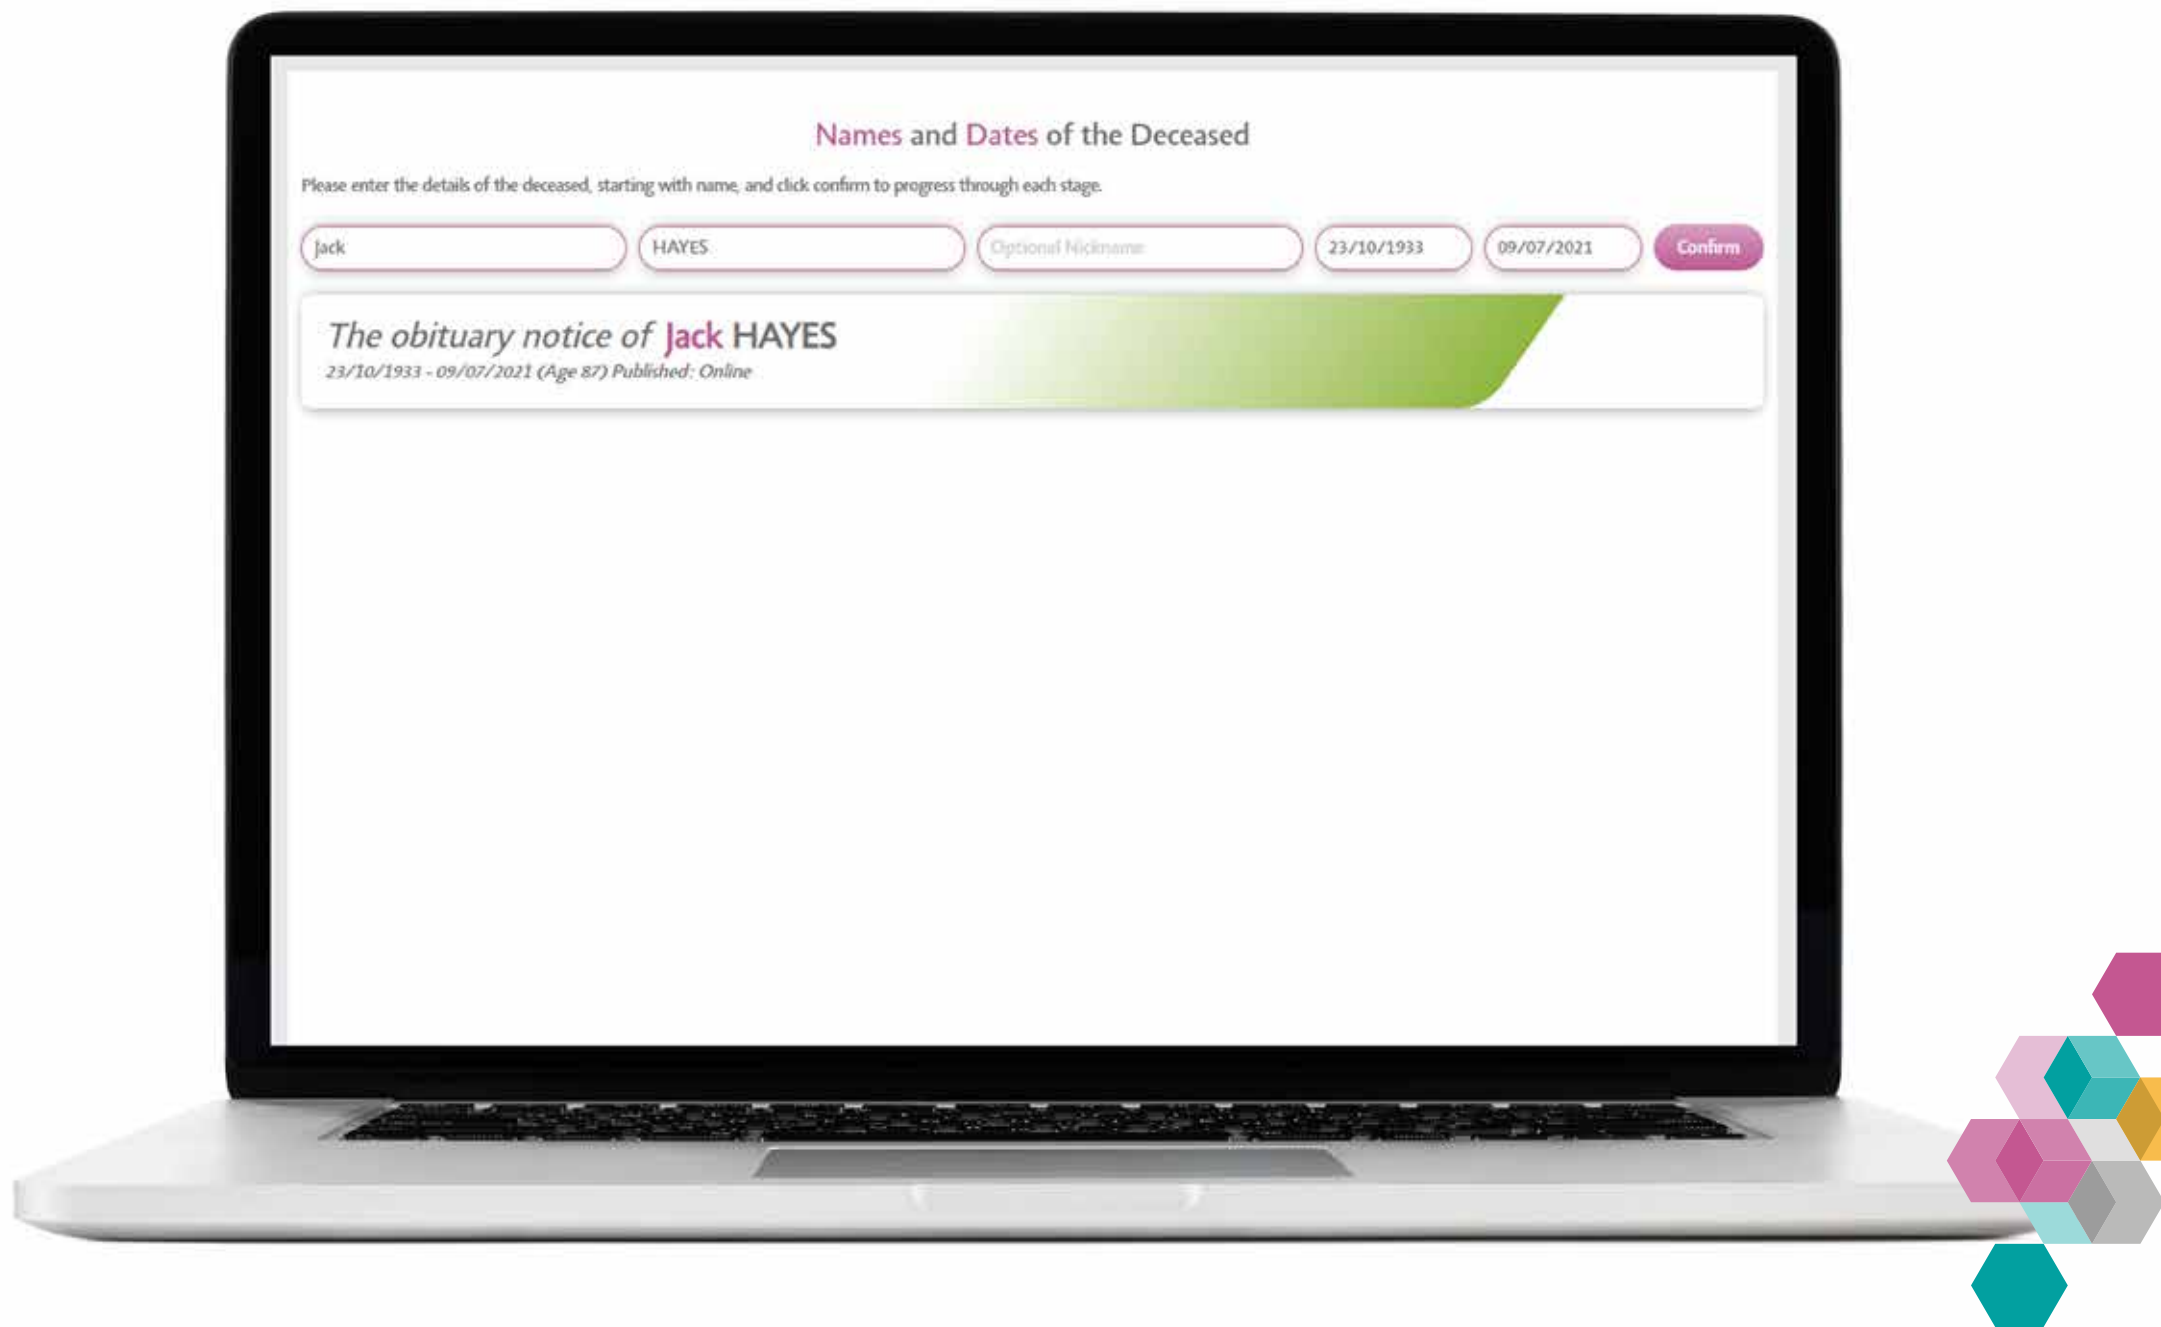

Click **“Create a notice”** this is at the top right hand side of the page.
If you’re not already logged in you will be prompted to choose a booking type,
please select Funeral Directors.

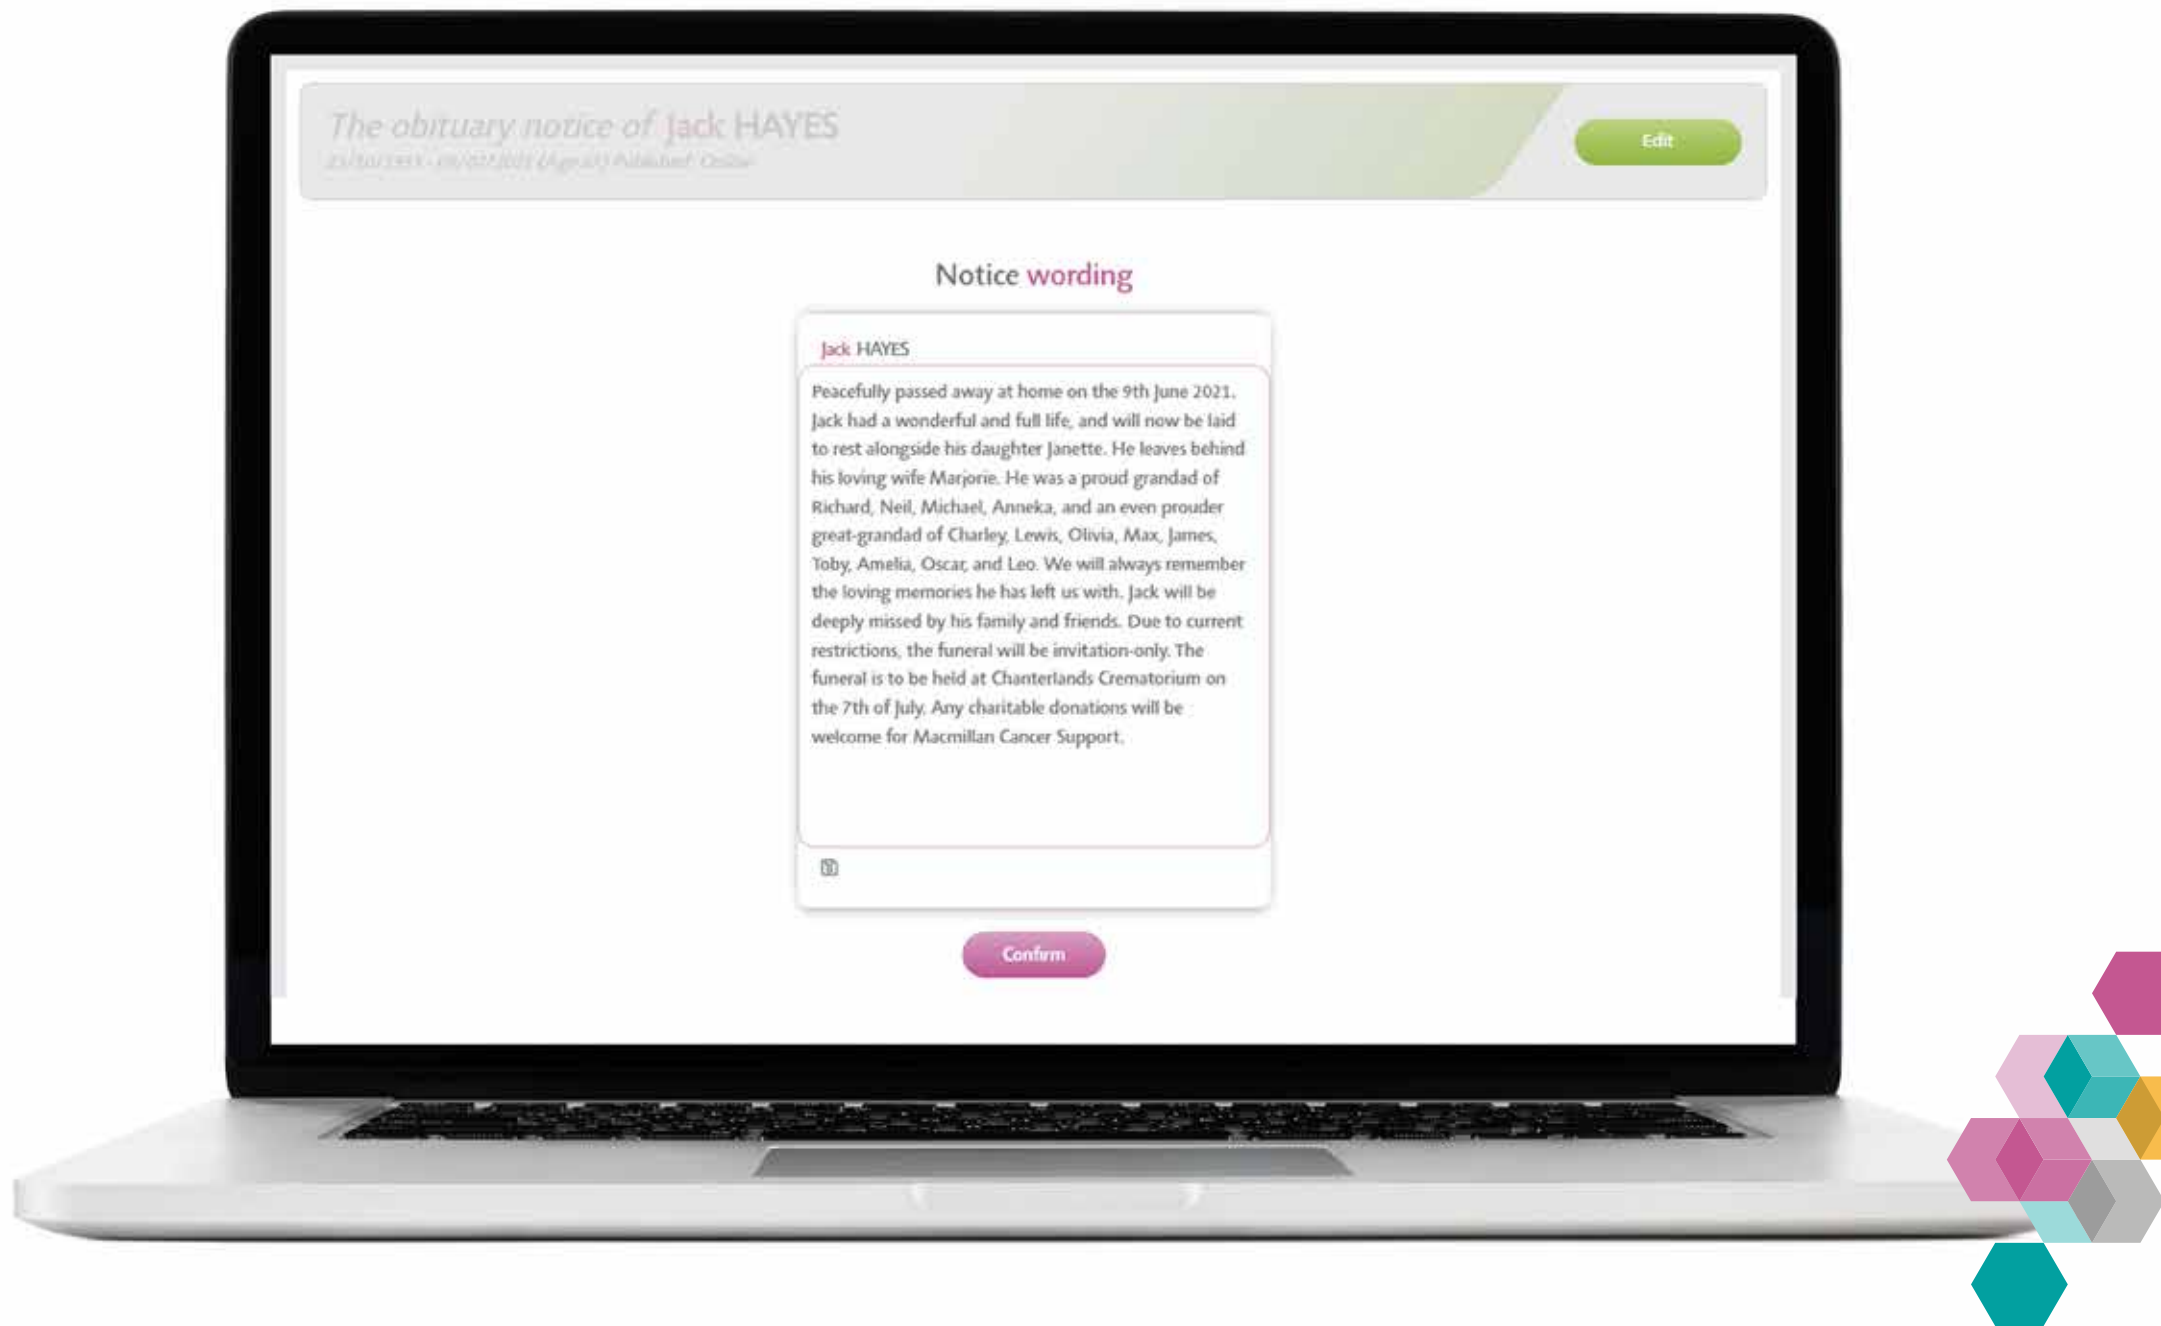

Then you can **log in** using your email and password.
If you are already a customer you can log in
with your usual details. A password reset may be required.

Create your notice - begin by telling us the name, d.o.b and d.o.d of the deceased.
You can use the calendar to select the relevant dates or type them into the boxes provided.

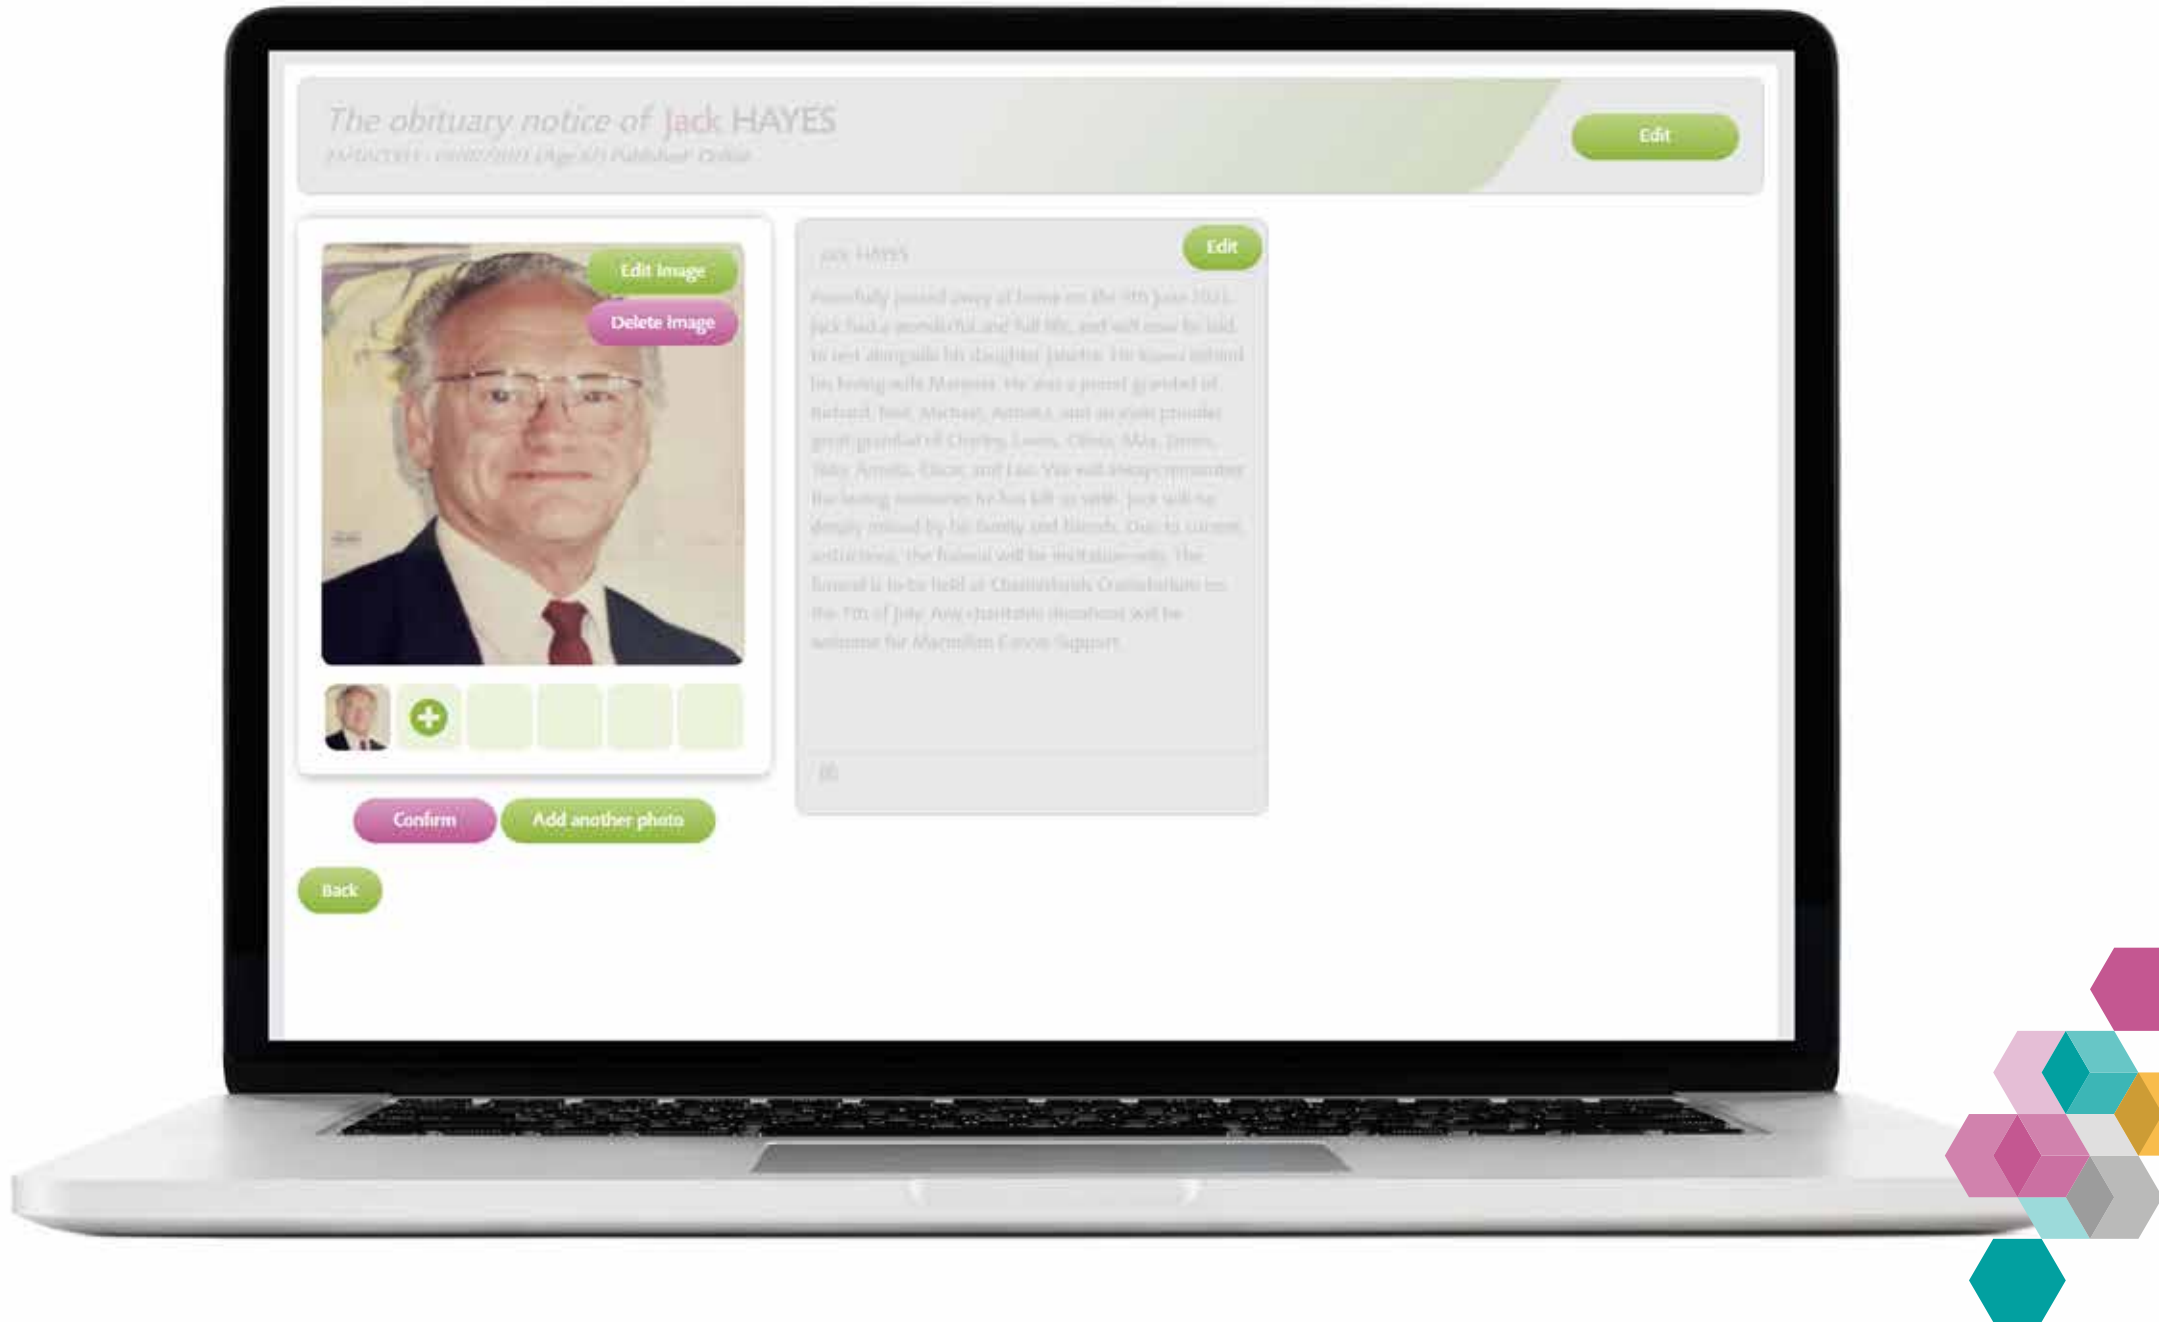

Tell us what you want the notice to say - type or paste in the words for the notice.

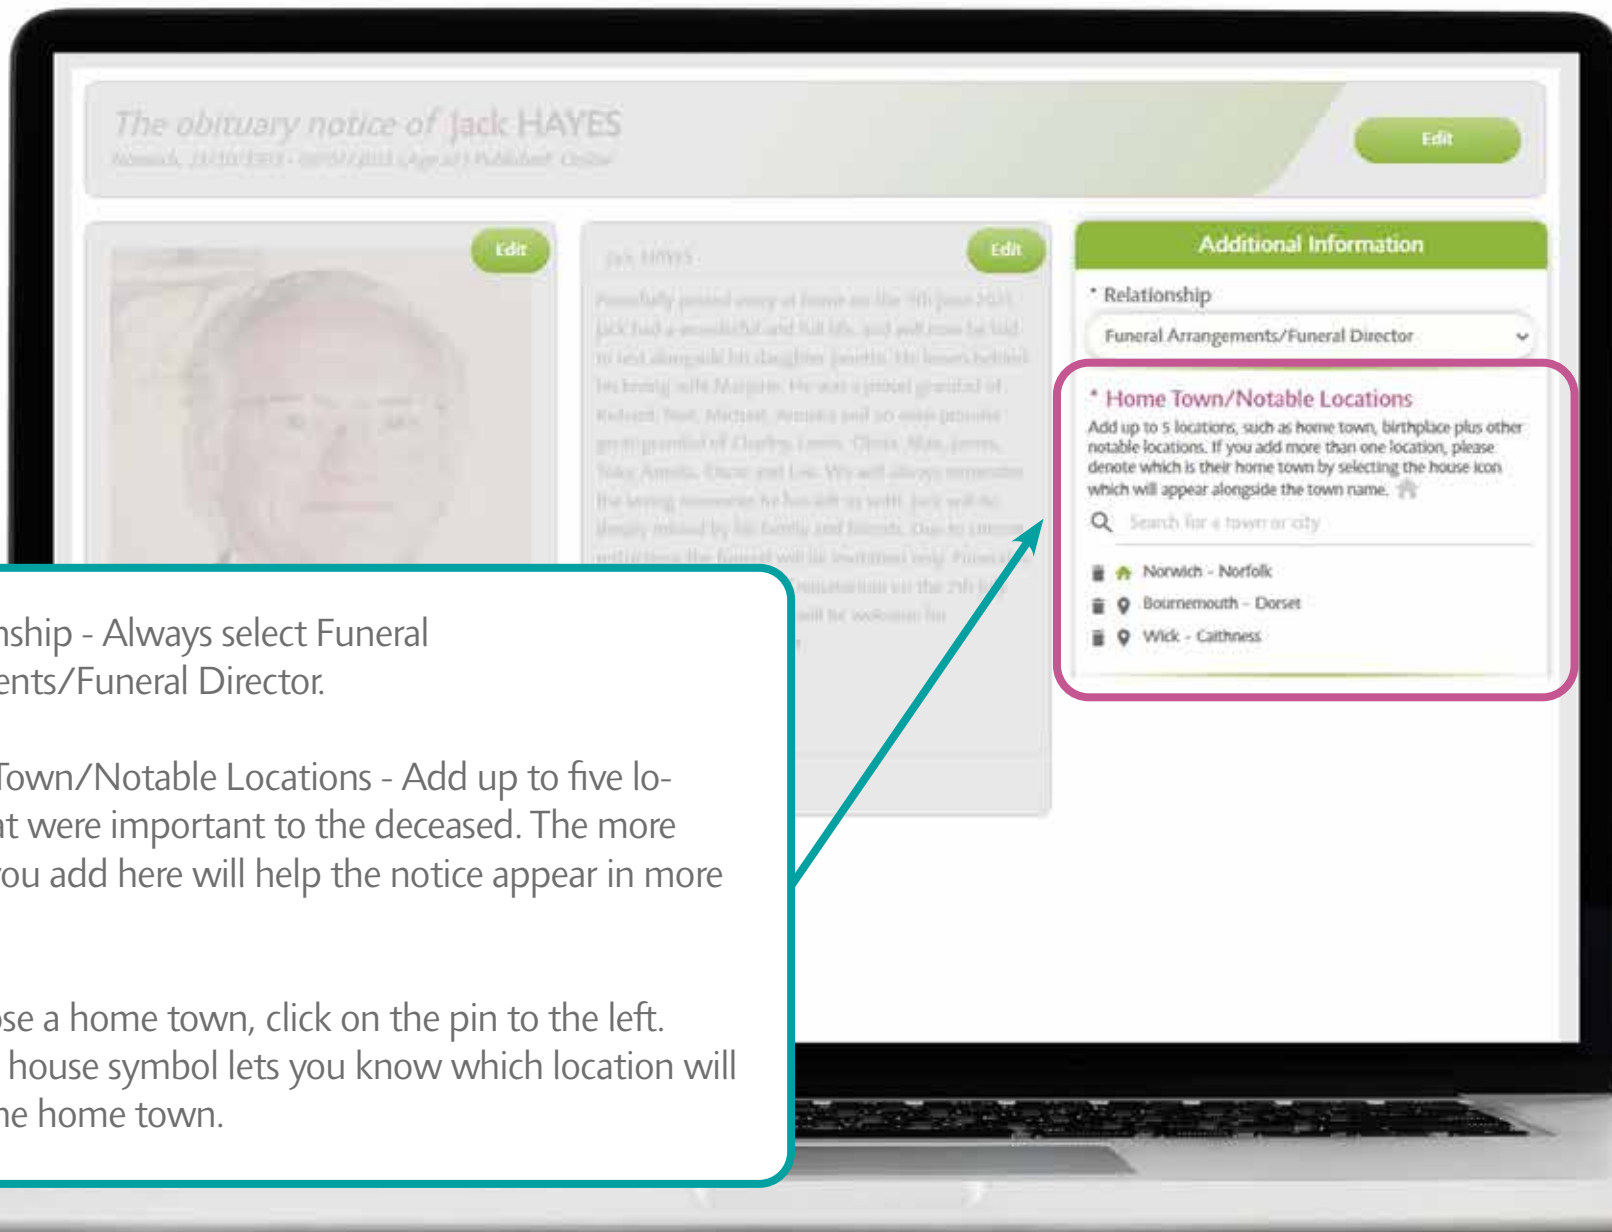

Add a photo - notices with photos are likely to receive more visitors online.

- 1: Click 'Add Photo' to add a main image for the notice.
- 2: Select 'Edit Image' to crop the image.
- 3: Click 'Add another image' to add up to 5 images.

Relationship and Home Town

1: Relationship - Always select Funeral Arrangements/Funeral Director.

2: Home Town/Notable Locations - Add up to five locations that were important to the deceased. The more locations you add here will help the notice appear in more searches.

3: To choose a home town, click on the pin to the left. The green house symbol lets you know which location will be set as the home town.

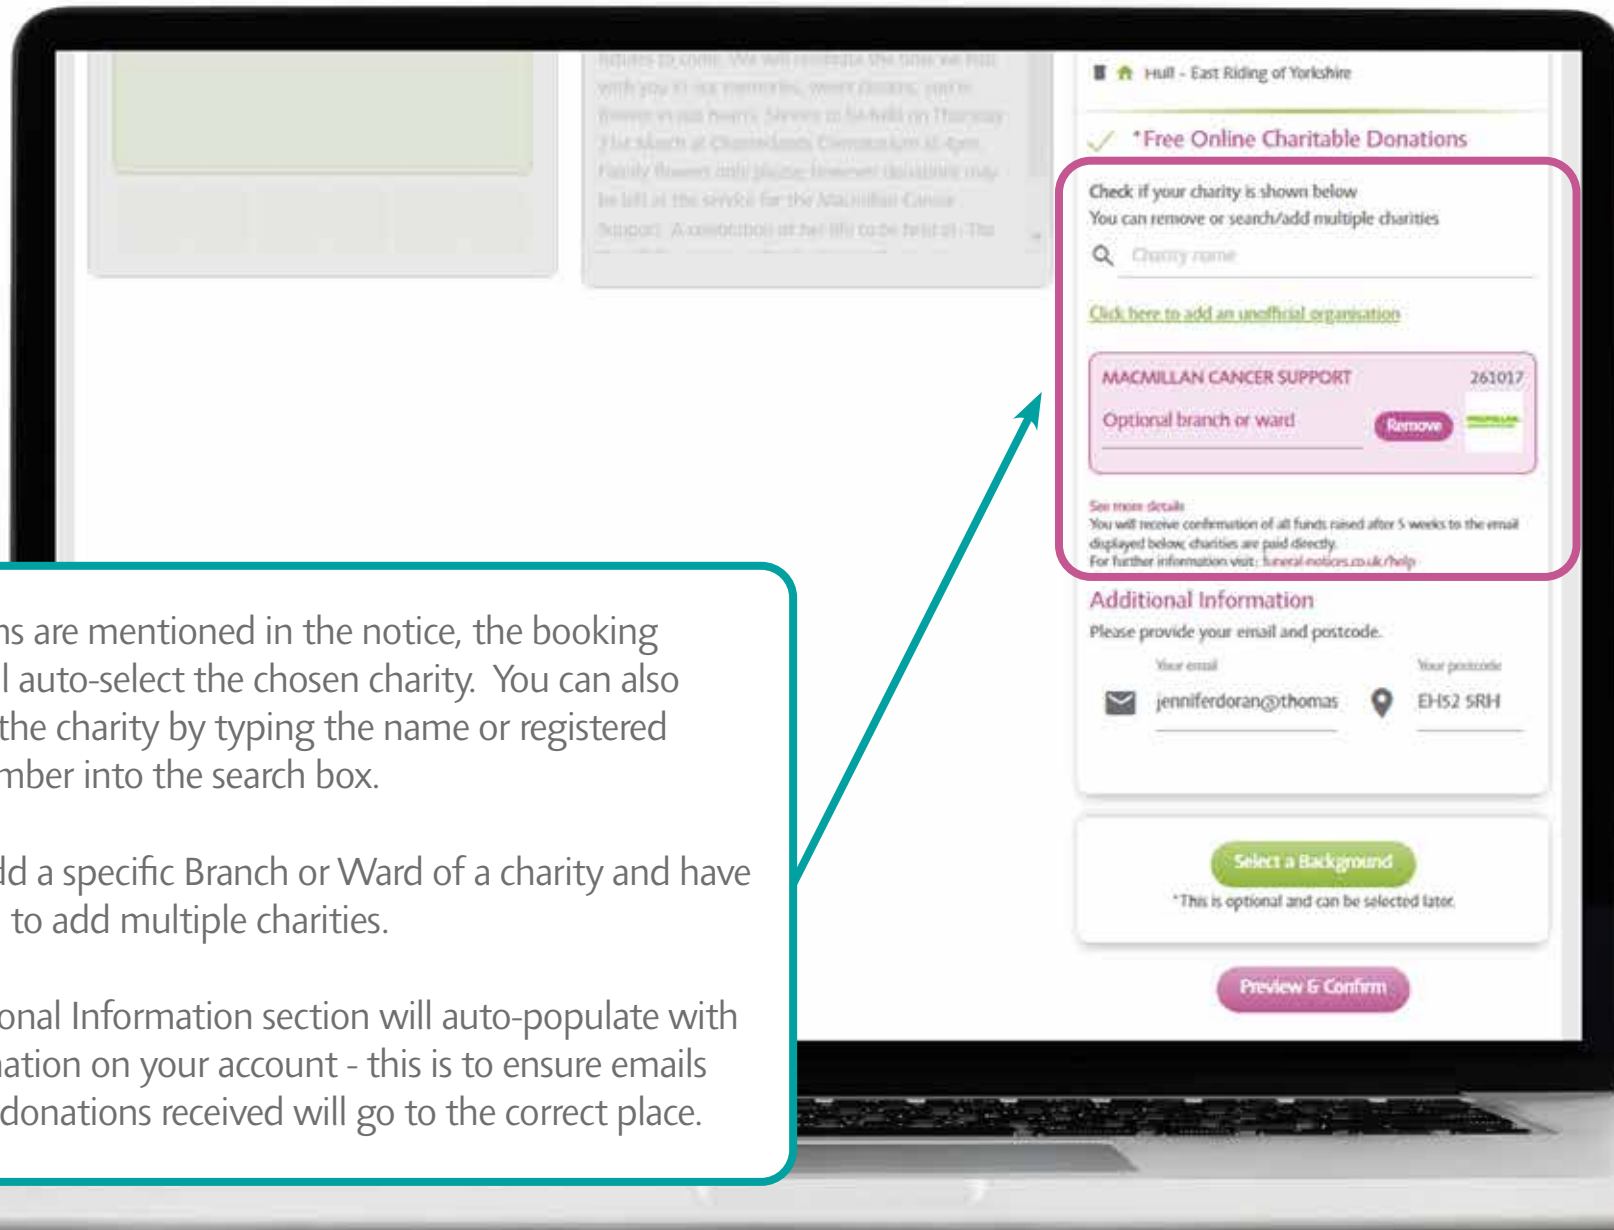

Donations & Additional Information

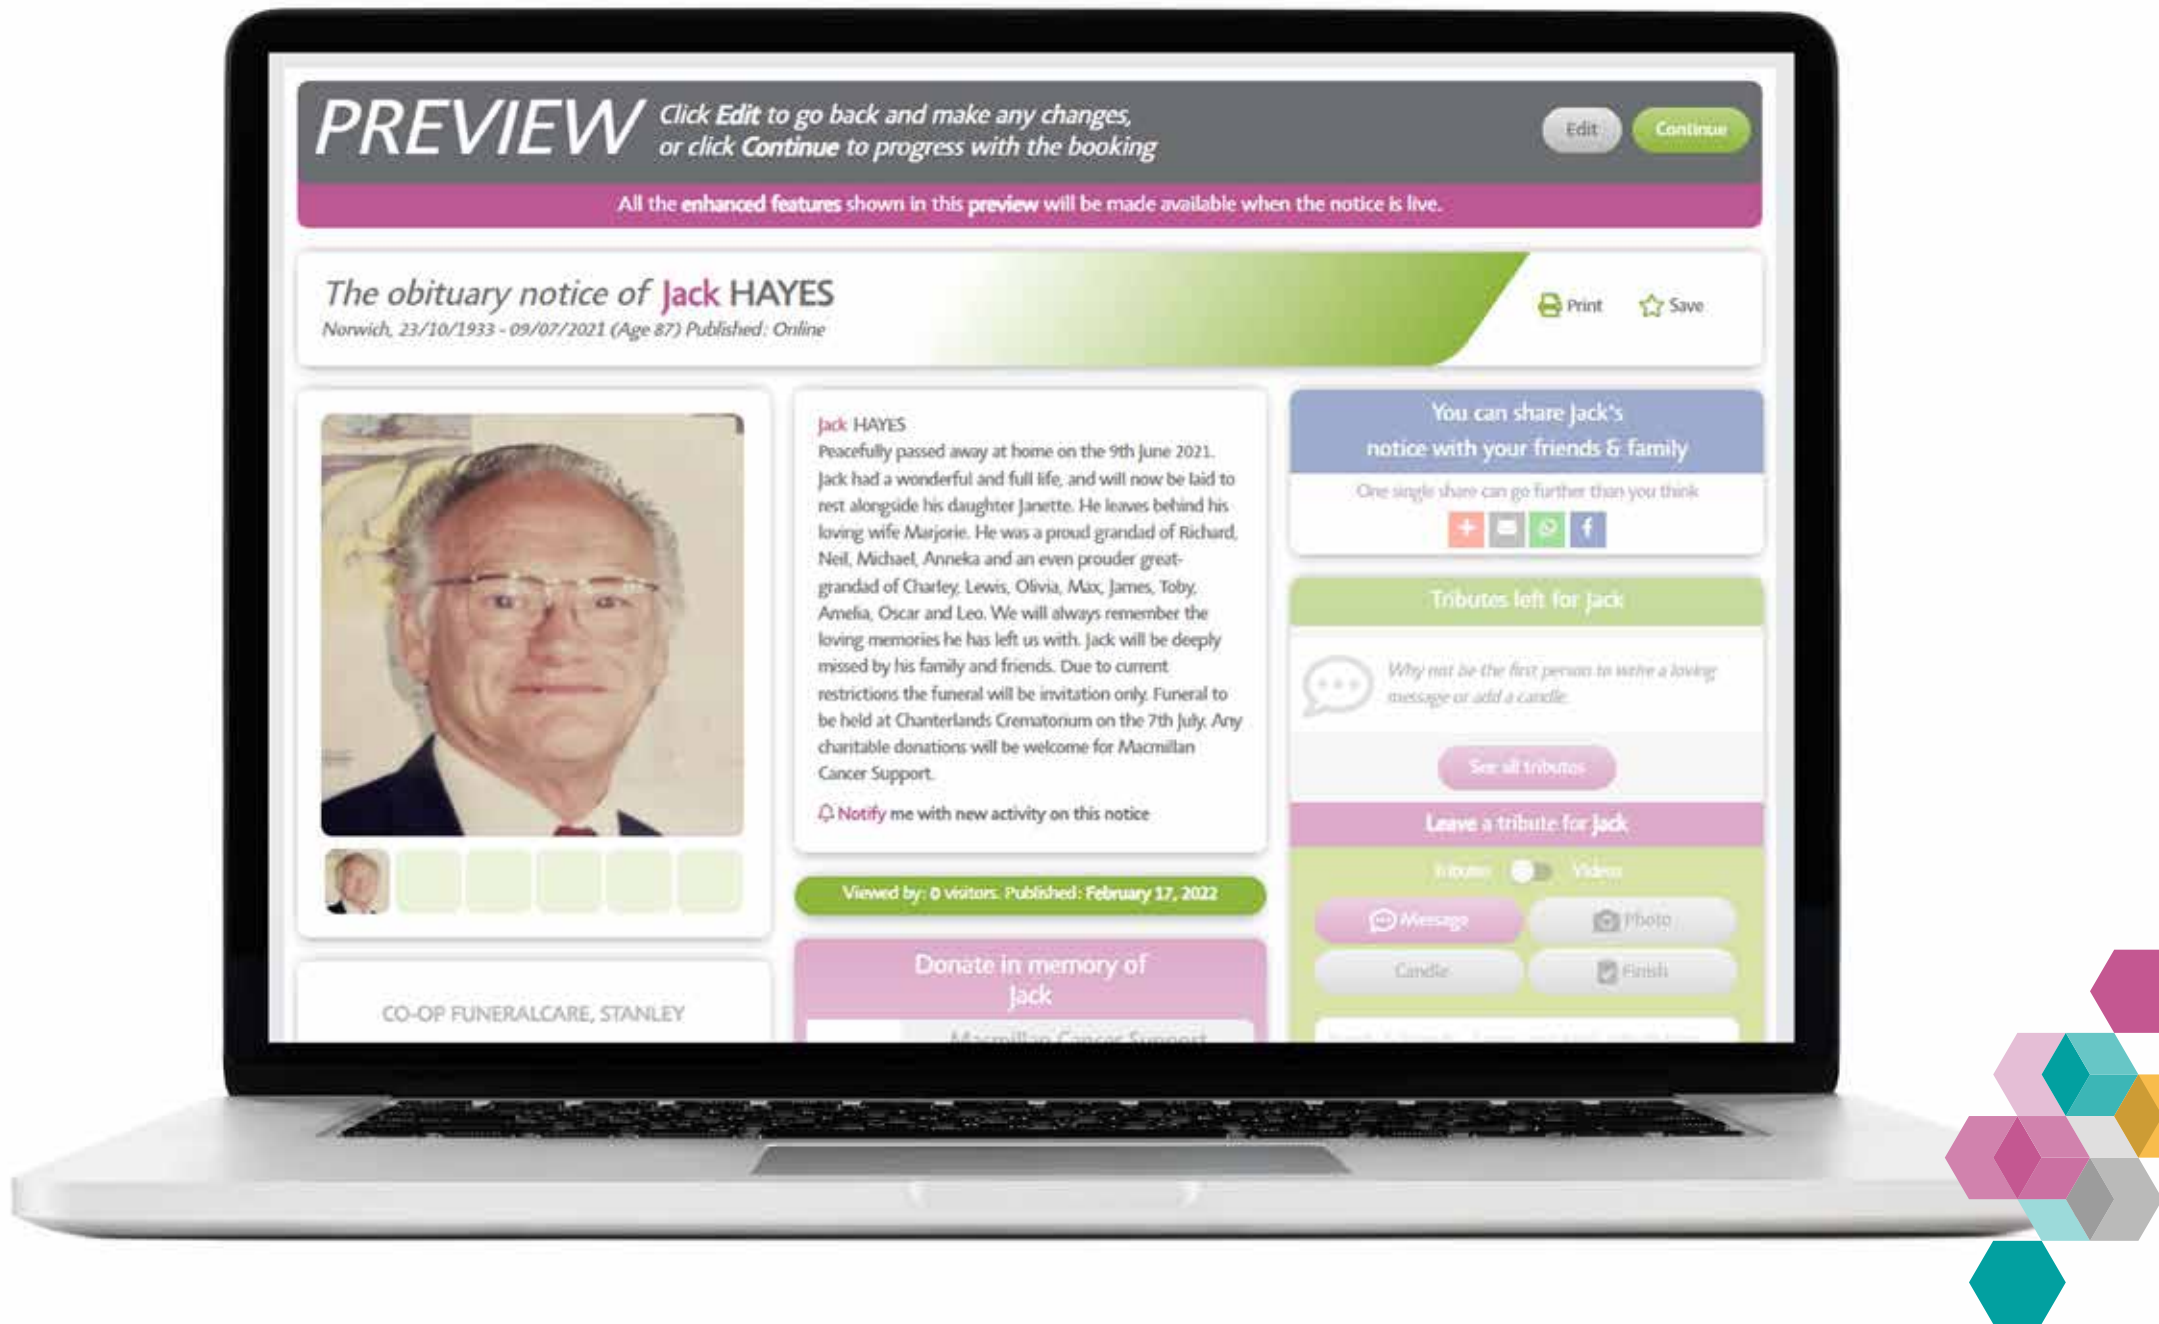

If donations are mentioned in the notice, the booking system will auto-select the chosen charity. You can also search for the charity by typing the name or registered charity number into the search box.

You can add a specific Branch or Ward of a charity and have the option to add multiple charities.

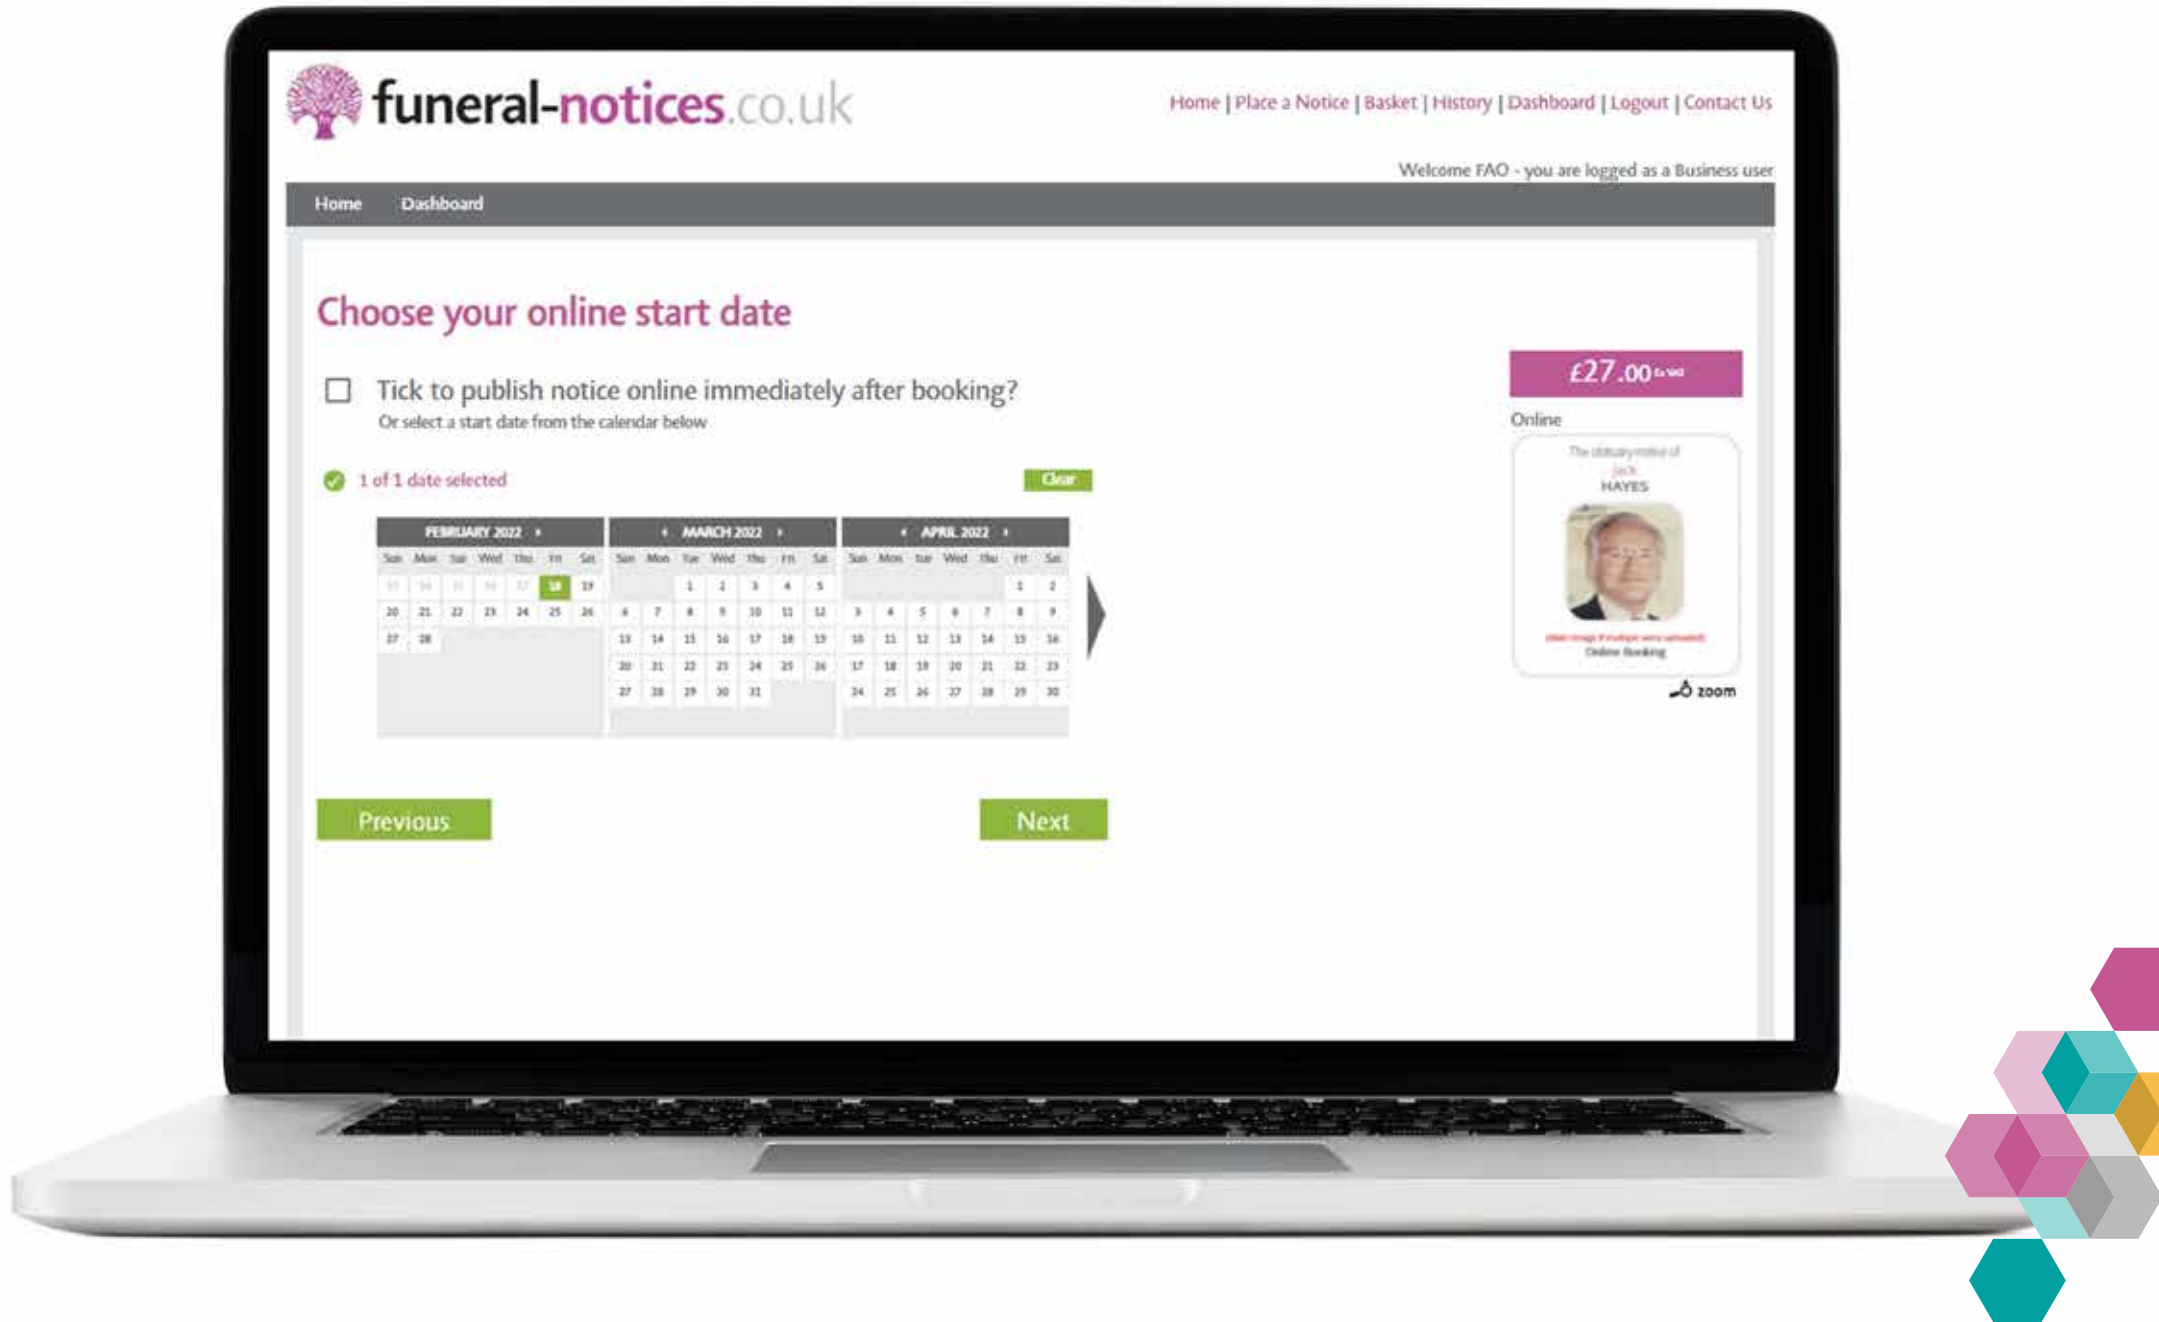

The additional Information section will auto-populate with the information on your account - this is to ensure emails about the donations received will go to the correct place.

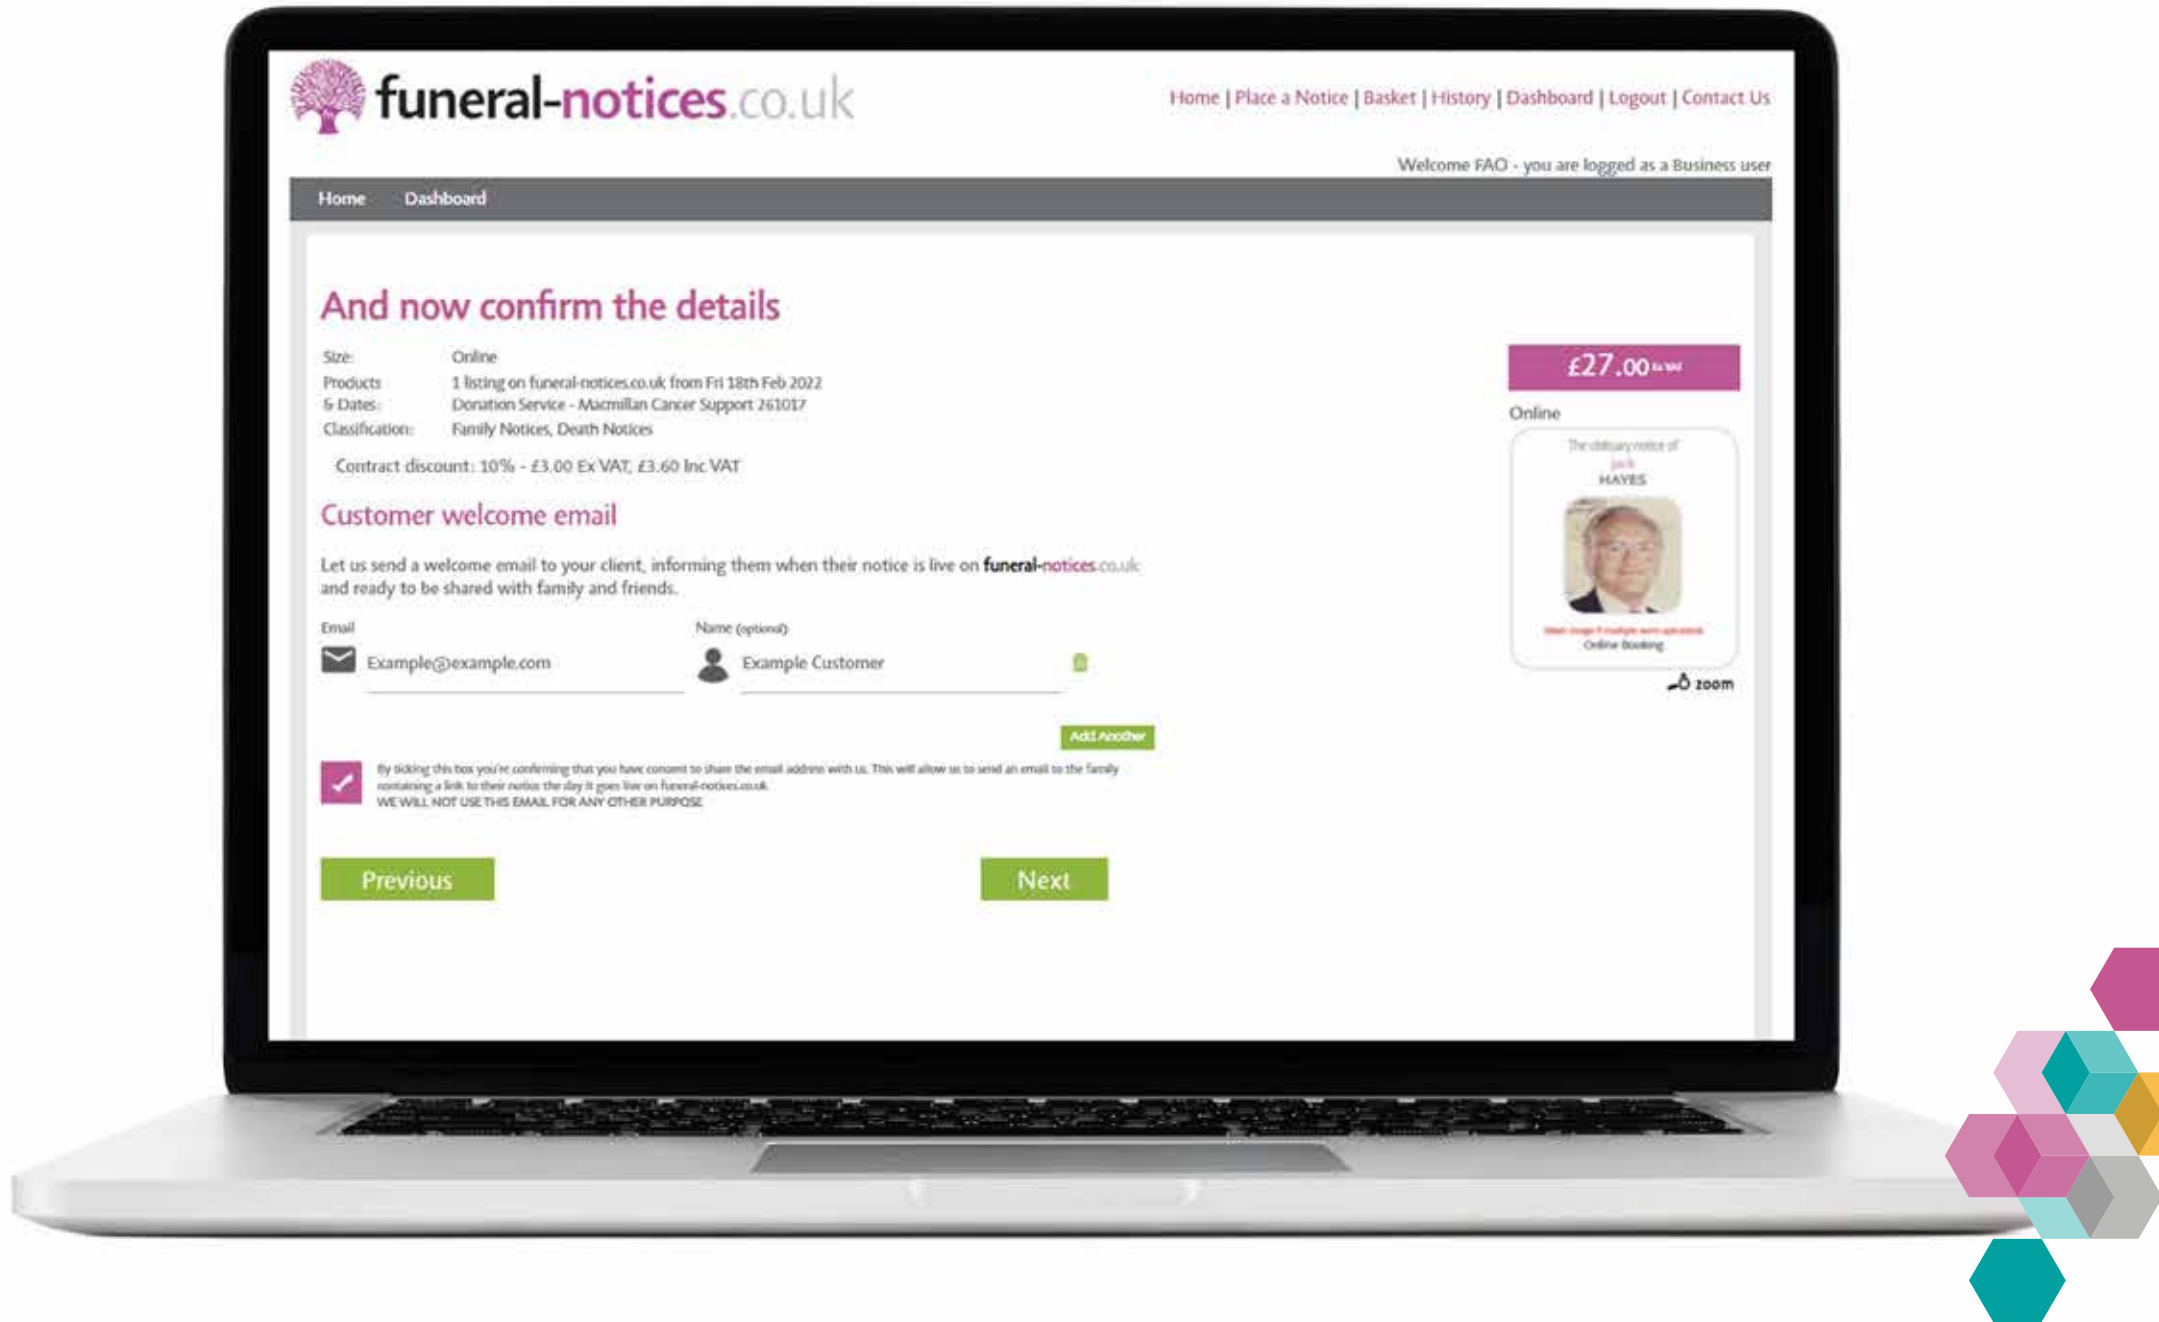

How the notice will look after publication

Tell us when you would like to publish the notice

Confirm the details and request an email be sent to the family notifying them when the notice is published
