

To ensure you raise the maximum amount of funds for your chosen charity/cause, we advise you to direct all your family members, other relatives and close friends to your loved one's personal notice page on funeral-notices.co.uk.

The site is easy to use and all they need to do is follow a couple of steps to make an online donation.

Your notice page can be **shared** with friends and family on social media or forwarded to your contacts via email. Sharing the notice will ensure you reach as many friends and family as possible in announcing the passing of your loved one and will also help raise additional funds in their memory for the charity / cause of their choice.

It will also allow people to visit the page and leave loving tributes and light candles in their memory - **all free of charge**.

Our aim is to provide a place where the memories of your loved ones can live on forever; a place you can cherish, find comfort and visit whenever you wish.

We take care of all the online donations for you and inform the Funeral Director of the total amount raised in memory of your loved one after the 8 week collection period. You also can go on and donate any cash donations received at the service using this method.

If you should need any further assistance, please contact our friendly support team at: help@funeral-notices.co.uk

That's why people turn to **funeral-notices.co.uk** - making us their first choice.
